Wood Lodge Solar Project Ltd

Wood Lodge

Landscape Masterplan

L**100**
Rev C

Key

- Site boundary
- **Retained trees** throughout the site. Root Protection Areas (RPA) shown with a black dashed line.
- **Category U tree** along the western boundary, unsuitable for retention
- **Removed hedgerow** along the northwestern boundary, to facilitate development
- **Retained hedgerows**: Root Protection Areas (RPA) shown with a black dashed line.

Proposed development features, refer to Site Block Plan - Proposed drawing prepared by others.

- Proposed solar arrays
- Proposed inverters
- Proposed substation in the northeast of the site
  Existing pylons and overhead lines shown by white line
  Proposed pylons shown by black box
- Proposed fencing
- Proposed access track
- Proposed CCTV

LEMP Proposals - refer to section 5.0 for Habitat Protection Measures, Management Objectives and Prescriptions

- **Proposed scattered native trees** along field boundaries
- **Proposed native shrub planting:** to fill gaps in vegetation and connect to existing vegetation
- **Proposed new hedgerow and infill hedgerow planting:** native species to fill gaps and redundant field gateways
- **Proposed species-rich grassland** beneath the solar arrays to be grazed by sheep. Seed mix with fine grasses and nectar flower producing plants.
- **Proposed tussock grass areas** in larger open areas throughout the site.
- **Proposed wildflower meadow areas** in open areas throughout the site.
- **Proposed hedgerow buffer grassland** alongside some hedgerows and woodland throughout the site.
